Appelation.

More normal conditions prevailed on the esamption of trading, resterday's heavy salings in Angle-French war bonds being acking. That issue, however, repeated its minimum quotation of 54% for future delivery. United States Steel changed hands in 1908 to 2180 shares at a fraction under Wedlenday's close. Some specialities were heavy at the outset but soon recovered.

business basis by stopping promiscuous giving.

Dr. J. A. Rawlings spoke of the clinic maintained by the county, stating that from 200 to 500 children are resulted every month besides many adults. He stated that the Woman's Charity association has supplied a turse, but that she has had little time to do any preventive work.

"Prospective mothers, particularly among the Mexicans, should be given instructions," he said. "Every new born child's eyes should be treated with nitrate of silver to prevent affection resulting from an unmentionable disease. With plenty of time to carry on preventive work our nurse could effect a great saving to the community in later.
